

IMCTC holds a workshop titled: “Data Analysis and Decision-Making Methodology”

Riyadh, 21-03-2022

IMCTC held on Monday, March 21, 2022, a workshop titled: “Data Analysis and Decision-Making Methodology,” delivered by Dr. Muhammad bin Suleiman Al-Subaihi, Delegate of the Kingdom of Saudi Arabia to IMCTC in the Communications Domain, in the presence of IMCTC Secretary-General and IMCTC member countries’ delegates.

The workshop shed light on the concepts and principles of data analysis, its connection to decision-making, identified analysis elements and its connection to decision-making. Additionally, it described data analysis phases, how to construct and interpret the results. The workshop aimed at creating a broad understanding, sharpening skills in the area of data analysis methodology and its connection to decision-making for IMCTC member countries’ delegates.

It is worth noting that IMCTC comprises 41 countries that work together to coordinate and strengthen their collective efforts in the global war against violent extremism, terrorism and to join other international efforts aimed at preserving international peace and security.
